

My Check Points :

Objective

In this checkpoint, you are going to create a presentation (max 5 slides) where you will explain the following subjects:

How does the web work?

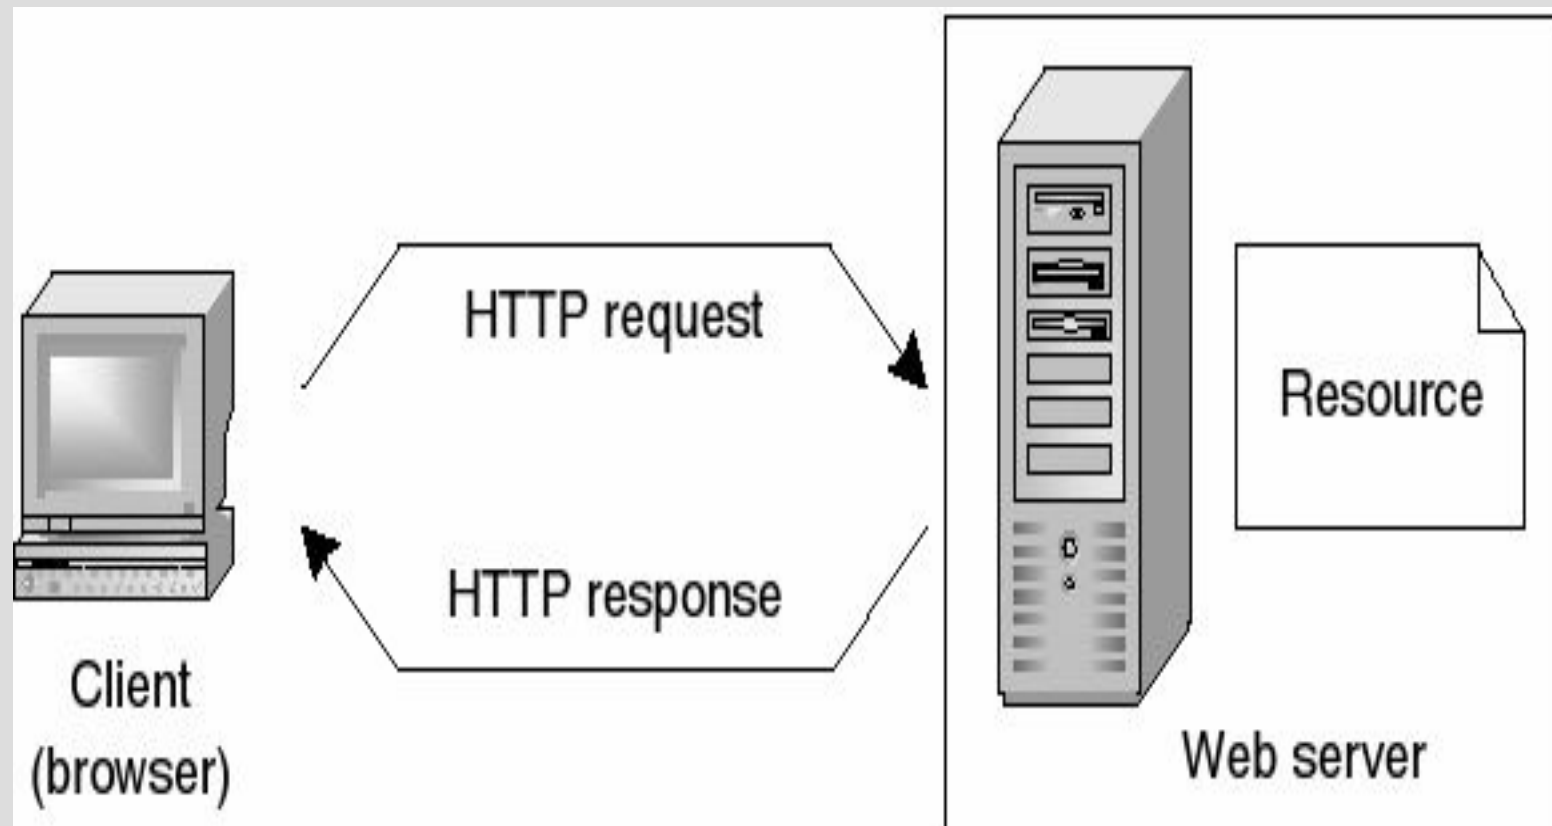

What do you need to be a web developer?

Why did you choose to learn web development?

How does the web work?

- *Web servers and web browsers communicate via HTTP*
- *HTTP ensures that all parts of the web page are delivered*
- *Web browser decides how these items are displayed*
- *The backbone of the web is the network of web servers across the world. These are really just computers that have a particular type of software running on them - software that knows how to speak the HTTP protocol and knows which information stored on the computer should be made accessible through the web.*

- *How HTTP works: retrieving a web page*

What do you need to be a web developer?

STEPS TO BECOMING A WEB DEVELOPER

1

LEARN THE FUNDAMENTALS OF WEB
DEVELOPMENT

2

CHOOSE A SPECIALIZATION

3

CHOOSE A PROGRAMMING LANGUAGE
